Partnering for Prayer and Power is the theme for this year's conference. In keeping with the theme, SMI Affiliates will have opportunities both to share information on prayer activities in which their programs engage and to pray with other participants.

The keynote presentation will focus on how to build strong relationships with all program constituencies and explore *How to Tell the Message of Released Time in a World that Doesn't Think It's Possible*.

The agenda is rich with opportunities to explore issues of known interest to teachers and board members/directors. In addition, there is an early bird focus group for those interested in starting new programs. Sessions will address: assessing student worldview growth, helps for meeting classroom challenges, teaching students to pray, and building prayer powered foundations for our programs.

This year's conference is being hosted by the Christian Learning Center of the Upstate.

Those coming Thursday are invited to sign up for a complimentary dinner and early fellowship time.

Prayerfully consider joining us in sharing the vision and best practices of Released Time programs in order to strengthen partnerships for prayer and power.
